9. LEADERSHIP SEMINAR

REGISTRATION INFORMATION

The Leadership Seminar covers several topics of interest relevant to students in leadership positions including: Stress & Time Management, Psychology of Leadership, Fundraising, Team Working Skills and Officer-Member Responsibility. THIS IS A GREAT WORKSHOP FOR NETWORKING WITH OTHER STUDENTS!

IT IS STRONGLY ENCOURAGED AND RECOMMENDED THAT TROUPE BOARD OFFICERS ATTEND. ALL STATE STUDENT OFFICER CANDIDATES ARE REQUIRED TO ATTEND! EACH SCHOOL CAN SEND UP TO 5 STUDENTS. The cost is \$10 per student.

10. TROUPE FLAGS/SLIDESHOW

In the interest of boosting self-image, although not required, every troupe is encouraged to create a Troupe Flag. The flag design must be in banner-style, to be displayed vertically, suspended from an overhead batten. The flag should be designed so that it can be hung from a pipe using grommets or a dowel of some sort on which tie-line or zip ties may be used. The flag's maximum width is three-feet and length six-feet...to be displayed vertically. Older flags, of a larger size, are "grandfathered in."

Flags should display the school name and troupe number. Any color(s) may be used. Appropriate designs can be used to enhance the school's Troupe Flag. The flags will be displayed for all to see. To enable the stage crew to hang the flags, each participating troupe should present their flag at the time of registration. Flags will be immediately removed from the battens to be picked up after the closing ceremonies and before departure.

This year's Digital Slideshow will be limited to 1 slide per troupe so that we can more easily showcase all troupes in attendance. These slides are due **JANUARY 21ST, 2022**. This slide should represent your troupe, your students, and your activities. Please email to abby.curry@littlerockchristian.com.

11. THESPYS

THESPYS

(formerly known as Individual Events)

Individual Event \$15

Duet Event \$20

Group Event \$25

Short Film \$20

THESPYS are designed to recognize the talents and hard work of inducted thespians. Students who meet the requirements outlined below will perform and are adjudicated in a category of their choosing in front of theatre educators and professionals. Selected participants will perform their pieces on the main stage during the Thespys ceremony. Students that receive a superior rating in an event and meet the guidelines for Thespys are eligible to participate in the National Thespys event at the International Thespian Festival in June. These guidelines can be found [here](#). **Inducted thespians are allowed to enter one individual or tech event, one group event, one short film, and one tech challenge team.** Non-thespians may participate on a tech challenge team, one group event, and one short film, however your group events must contain at least 51% inducted thespians. Troupes may have as many entries as they would like in individual, duet and group performances; as many entries as they would like in each technical event category; two tech challenge teams, and one

playworks entry. **It is the responsibility of the troupe director to ensure that all entries submitted meet the event requirements.**

This year we will, once again, be using Open Water. All entries will be registered and submitted through Open Water. Students will have two rounds of judging. Round 1 judging will determine eligibility for national competition. A superior rating in Round 1, guarantees your ability to register for ITFas long as you are following event rules including performing acceptable material (See rules 5-7 in the Thespy Program Guide by clicking [HERE](#)). All superior rated students will also have the opportunity to compete in a Round 2 at state festival. This round 2 competition would award outstanding performances the ability to perform in the Best of Show Showcase before the festival award ceremony. Troupes have the option to register as an in person performance or pre-recorded virtual performance. A training video will be made available for all troupes along with video recording guidelines and suggestions. Troupe directors will be responsible for submitting entries to Open Water by the deadline. Your Open Water submissions MUST match your festival registration. Changes/substitutions after the deadline will result in a change fee being added to your tabroom account. **It is the responsibility of the troupe director to ensure that all entries submitted meet the event requirements as outlined in the Thespy Program Guide.**

Adjudication will happen in two rounds.

Round 1 - All entries will be adjudicated by a panel of three judges and scored using the national Thespys rubrics, prior to the start of Festival 22. All three scores will be average to determine an entries overall rating (Superior, Excellent, Good, Fair). All entries receiving a superior are qualified for ITF in June 2022. All entries receiving a Superior can also move to round 2 on the State level.

Round 2 - These entries will be adjudicated by a different panel of three judges, at the beginning of Festival '22. These round 2 entries can be performed live (if you are able to attend festival in person) or by using your original video submission (if you will be attending virtually). Top scoring entries will be featured during our Thespys Showcase which will happen prior to Awards.

What about a tie??? The tabulation committee will handle ties on a case by case basis. If time allows, all tied performances will be featured, if time is tight a tie breaker will be initiated.

What if there are no superiors in an event? If there are no superiors, there will be no Thespy showcase for that event.

All events will be offered with the following exceptions/guidelines:

Duet/Group events: We are recommending that troupes follow the National guidelines for duet/group events -

- *Students may prepare traditional, in person performances

- *Students can separately record their parts and edit into one video (do not confuse this with a short film) or can use a platform such as Zoom

- *Circumstances may change by the due date. If local/state/national guidelines allow it, students can get together with their partner/group to record the video. Be smart, be safe, and follow the rules!

If none of the above are able to happen a troupe will have the following option:

Currently, each troupe is allowed to enter as many students as they wish for our preliminary phase of competition. These preliminary phase entries are all to be pre-recorded and submitted through Open Water. Double entry rules are still in place so a student will not be able to enter more than one performance/technical event. For example, each student may only register for and compete in a maximum of 1 individual and 1 group and 1 short film. A troupe director may register as many students as you like for individual, duet, and group events.

!! Thespians entering monologue, duet acting and group acting must complete and email the **Individual Events Rights and Application Form**. This form can be found in the Thespy Program Guide page 27. [Click here for the Thespy Guide](#). These forms must be uploaded to Open Water by the Thespy submission deadline.

**ALL VIDEOS MUST BE UPLOADED BY THE TROUPE DIRECTOR ON OR BEFORE
JANUARY 21, 2022.**

FLAGGING

Because of recent liability cases (i.e. Texas teacher losing her job because she took a class to an art museum displaying nude art) all IE selections and one-act plays containing any "questionable material" in language and/or situation must be flagged to avoid disqualification. When registering on Open Water, type the title of your piece followed by FLAGGED in all caps. For Example, *Fat Pig* FLAGGED. Then complete the form to be signed by your principal noting flagged material presented conforms to your campus rules. Failure to flag "questionable material" could result in disqualification and/or probation.

If your entry is flagged, you will be emailed and asked to explain why so that we can compile a document that will be available at the information desk that can be consulted by troupe directors.

12. TECH CHALLENGE

Fee is \$25 per Team

The Tech Challenge consists of 5-6 events that are designed to test your knowledge of basic skills that every technician should have. The combination of team and individual events represents the fact that theatre technicians do not always work alone and that it is an ensemble working together to accomplish the given tasks that makes the production successful. In technical theatre both time and accuracy are critical to a successful outcome. As artists we demand excellence in the tasks we are given but as technicians we also have to perform those tasks quickly and efficiently so it does not disrupt the production process. Your tech team should consist of between 4-7 students. Teams may consist of inducted and non-inducted thespians. Up to two teams per school allowed. Visit

www.arkansasthespians.org for more information and to preview videos of the events that could be a part of our state festival this year.

13. PLAYWORKS 2022

Fee is \$25 per entry

Three StAR Playwrights will be selected to have the opportunity to workshop their plays through virtual mentoring sessions with theatre professionals. Each selected play will be performed as a virtual staged reading during the Arkansas State Thespian Festival. For more information check out the [Arkansas Playworks Packet](#).

Submissions will be open starting Monday, September 11th. Last day to send a submission will be **Wednesday, October 27, 2021**.
