Guiding Principles for All Professional Development:

All professional development in Arkansas must address one of the twelve areas adopted by the State Board of Education Professional Development Document under Act 999 of 1999, Standards for Accreditation of Arkansas Public Schools, and Ark. Code Ann. 6-15-1001 through 6-15-1006.

Please check at least one or more of the thirteen areas of professional activities designed to improve students' academic performance approved by the State Board of Education.

x	Content (K-12)		Principles of learning/developmental stages

EVIDENCE of Understanding:

Summarize how you will use the content of this Professional Development Activity to improve your Students' Achievement.

The content areas from this workshop will enhance students' achievement in participation and competition in the State Thespian Festival in February and the State Thespian One Act Festival and as well as provide me with new concepts, curriculum and teaching methods for my theater classes. It also provides many workshops for directors on teaching methods and new content to bring back to my classroom. The main goal is to further the education of the arts and reward student performance through this festival.

EXPLAIN why you chose this Professional Development Activity. For example: What is the connection to your school's ACSIP Plan, to your Curriculum Framework, to your Individual Improvement Plan, and/or to your Students' Achievement Data .

The information gained from this PD will align directly with the Arkansas State Theater Frameworks, which my school's ACSIP plan requires each subject to use as its guide for instruction. The planning of the State Festival benefits my students by bringing in professionals in Theater on and offstage to educate them as well as an opportunity to perform in front of judges and for scholarships.

Presenter/Facilitator: The event is hosted by the Arkansas State Thespian Society. PD Chairman and
